

Serial # 09/024,179

REMARKS

The Examiner indicated that claims 10 and 19 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim one was amended to include all the limitations of claims 2 -10, and claim 19 relates back to claim 1.

Applicants believe the application is now in condition for an allowance and solicit the Examiner to pass this case to issue.
